

## FBI Warns Against Draft Act Violations

E. C. Richardson, special agent in charge of the San Diego office of the Federal Bureau of Investigation, today urged all eligible men to comply fully with provisions of the Selective Service Act of 1948.

In discussing provisions of the act and affirmative steps eligible men may take to avoid delinquency, Richardson said that a violation of the Selective Service Act of 1948 is a very serious matter.

"The act is designed to provide for the common defense by increasing the number of the armed forces of the United States and provide for their training. A willful violator may be subjected to stringent penalties including imprisonment up to five years, or a fine as high as \$10,000 or both," he said.

RICHARDSON SAID that J. Edgar Hoover, director of the FBI, had suggested, for the benefit of those not familiar with the requirements, observance of the following:

- (1) Register promptly.
- (2) Fill out and return your questionnaire promptly.
- (3) Keep your local board advised of your correct mailing address.
- (4) Report for examination and induction when so ordered.
- (5) Report changes in your family status or occupation which may have a bearing on your classification.
- (6) Always carry your registration certificate and classification notice on your person.
- (7) If you have made an honest mistake, talk it over with your local board.

ALL MALE PERSONS in the United States or its possessions between the ages of 18 and 26 are required to register within five days after their 18th birthday.

Where investigation reveals violations of the Selective Service Act, Richardson said the facts will be presented to the proper United States attorney for a decision on prosecutive action. He cautioned all registrants against making false or fictitious registration. The possession of a fraudulently obtained, forged or altered registration certificate or classification notice is also a violation of the act.

## Six Injured in Two-Car Crash

Six persons were injured near the junction of Ramon road and Highway 99 Monday in a two-car head-on collision.

Mrs. Grace Kathryn Barber, 22, Inglewood, driver of the east-bound automobile, was slightly injured. Gloria Vargas, 19, of Fontana, driver of the westbound vehicle, was also slightly hurt as were four passengers in her automobile. Theresa Louisa, 19; Adam Vega, 26; Lupe Jaramillo, an infant, and Jessie Jaramillo, 12, all of Fontana, were released after treatment for minor injuries at Indio hospital.

## Hoot and Holler Again a Success

Hoot and holler for half a dollar was another big success at World Wars Memorial Hall Saturday night when scores turned out to enjoy dancing, a Turkish dinner prepared by Tom Scheid and just a general good time.

Music for the dancing was by Archie Long's orchestra and Wilbur Davis was master of ceremonies.

## Rescue Playful Pups From Center of Drive

A litter of tiny cocker spaniel pups was picked up by an employee of Keno Paul's Service Station at the north end of town. They were playing in the street in front of that gasoline station. The finder told police that he was afraid the pups would have been killed by a passing automobile and planned to keep them until the owner was found and claimed them.

## Short-Cut Highway to Coast To Be Speeded is Promise

Coincident with joint Riverside county-state chambers of commerce efforts to improve so freeway standards most highways through Coachella Valley, County Road Commissioner A. C. Keith reported cheering news of another road vital to the valley.

C. A. Washburn, county chamber road chairman and Indio's mayor said Monday that Keith told him at the highway meeting in Riverside Friday that:

1. The Anza road will be completely paved from Aguanga to Anza in the next few weeks, thus improving the Valley's shortest route to the south coast area of San Diego.
2. Crews will start in two weeks on realignment of the final unimproved stretch of the winding road, seven up and down miles from Anza to the Palms to Pine Highway near Thomas mountain.

Other action taken at the Riverside meeting placed improvement of Highway 60 its entire length in the county as top priority project. These commitments were broken into five projects: four-lane highway from Box Springs to Beaumont; widening in Beaumont and Banning city limits; four-lane road from Palm Springs junction to Thousand Palms; four-lanes from Thousand Palms to Indio and widening of the highway through Indio.

The Jaycees hope to contribute each month to the program of a youth organization they feel most worthy. President Ed Hawkins said. He asked that the various organizations present their programs to the Junior Chamber of Commerce so that a course may be mapped by the latter group.

Past President Ted McKinney was presented with an engraved gavel and a ruby-studded past president's pin by President Hawkins at last week's meeting.

The meeting was followed by refreshments and movies loaned by Irwin Schuman of the Chi Chi.

Bob Bennett, Youth Center director, Diane Weatherford and Ed Griffing, will take off today for San Dimas to attend the three-day conference of the Southern California Association of Youth Centers and Councils at California Polytechnic Institute.

The conference is scheduled for today, tomorrow and Sunday and many phases of Youth Center activities will be discussed by leading southland and state juvenile experts.

The trio is being sent to the important conference by the Youth Center committee of the Welfare and Friendly Aid society.

Paul Summers is chairman of the committee.

Culinary Workers and Bartenders union has been assured.

Ralph Hughes, general chairman of the Red Cross committee, is planning a meeting of the entire group, Lawson Cooper is in charge of coordinating the over-all plans for the Red Cross.

Arthur M. Westerfield, 52, president of the First National bank of Coachella succumbed Monday night after falling health for the past few months. Funeral services were held at Indio Tuesday.

7:41 a. m. In about 15 minutes the back shop will be here. Then they'll swarm the newsroom to read the morning papers which I found under a bush. I get the burrs and they get the news. But they just read one section. All say either: "Wish I hadda" or "Gee I shudda" when they read the market quotations from where the surf meets the turf or vice versa.

7:44 a. m. Makes me think personally I believe there is a lot of hypocrisy in this gambling business and that we have gambling racketeers like we had prohibition racketeers. But I don't think proposition No. 6 next fall is the answer. Maybe I could get four other guys and have a bill on the ballot to pay us all \$10,000 a year to supervise riddledewinks.

7:47 a. m. That last bit of meditation made me tired.

7:47 a. m. Oh, well, let's not have a column today

## Kane Takes Over Highway Position

Successor to E. Q. Sullivan, state highway engineer for this district, is C. V. Kane, Sullivan's chief aide for the past few years. Sullivan retired last week after 36 years of service to the state.

Among projects left Kane by Sullivan in Riverside county is the completion of freeway projects on Highway 60 and 99 the length of the county and several freeway projects in the south-western portion of the county.

## Council to Get Civil Service Plan Sept. 6

An attempt to place the issue of civil service on the city council's agenda for consideration at its meeting September 6 is going to be made, according to Saul Ruskin, local attorney handling details of the plan.

Yesterday Ruskin said that a petition bearing approximately 200 names of property owners and voters will be placed before council for perusal and two or more plans outlining the type of civil service used in other cities and communities the size of Palm Springs will be submitted for study.

"WE PLANNED to place the matter in the hands of councilmen for consideration at the August 16 session of council but have decided not to do so in deference to the wishes of Mayor Charles Farrell," Ruskin said. Mayor Farrell had asked that all issues of importance be held over to the September 6 meeting of the Council because three members will be away on vacations on August 16.

RUSKIN REITERATED that civil service will not cost the taxpayers "one red cent and should not be confused with a proposed retirement plan explored by the city more than three years ago and which may be re-opened for study."

"The latter plan will cost approximately \$30,000 as an initial expenditure, I understand," Ruskin said, "and a tax assessment against property amounting to nearly 11 cents."

## Hide That Hose, Police Warning

Evan Allen McClure, 412 North Indian avenue is the sixth Villager to report that sneak thieves picked up his garden hose and escaped. Police Chief August Kettmann last week warned residents to put garden hoses out of sight when finished using them.

## Editor Guest Here

Mr. and Mrs. Frank Lockerby of Tacoma, Wash., were in the Village last week, guest at Del Marcos hotel. They flew down for the brief vacation via Western Airlines. Mr. Lockerby is city editor of the Tacoma Tribune.

## COUNTY TAX COMMITTEE REPLIES TO BOARD---SAYS THEY DODGED ISSUE

County Tax Committee officers this week told county supervisors again that they should eliminate \$200,000 that has been set aside in the county budget this year to erect buildings and buy land.

Last Friday supervisors had told the county tax committee that it wasn't their fault that taxes are higher. Supervisors who have voted for the \$200,000 item pointed out that this year's record-breaking tax rate would be lower than last year's if the passage of Proposition Two had not unloaded heavy welfare costs on the county.

WILLIAM WYBURN, chairman of the Tax Committee, issued a courteous statement Monday night. It said, in effect, that the supervisors had missed the point.

"County supervisors who gave the press a statement the other day showed how they had reduced taxes this year apparently have misunderstood the position of the County Tax Committee. The Tax Committee recognizes that all of the members of the board of supervisors have done a conscientious job during the budget hearings this year in trying to keep the tax rate down and commend them for the effort."

"HOWEVER, the tax committee does have a serious disagreement with those members of the board who feel there should be included in this year's budget a substantial amount for the erection of permanent buildings and the purchase of land."

"The committee questions whether it is proper in any year to attempt to pay for permanent building and land from current tax income. But they feel particularly in a year when the total tax rate is going to be substantially increased it is very unfair to the taxpayers to put a substantial amount in the budget for buildings and lands."

"IN OTHER WORDS, the committee believes that permanent buildings and land should be paid for by bond issues. We believe that the burden for paying for such capital outlays should be spread as much as possible so that the people who will eventually make use of such facilities will pay a portion of the cost."

"The 'pay-as-you-go' theory of taxation certainly has its limitations and was never intended to apply to building up lands."

"We recognized that there are also limitations on the use of bond issues because of the expense of elections and other expenses involved in issuing bonds. However, when our country is contemplating projects such as when our country is contemplating county building for Indio, a county building for Hemet, a

large warehouse at the county yard, and a radio building for the sheriff it would seem that a building bond issue would be the preferred method of financing."

"BOND ISSUES lost favor during the depression. This was because of the fact that many municipal corporations abuse the use of bond issues during the wild financing days of the '20s and those bond issues had to be paid off in the high priced dollars of the depression '30s."

"However, there has been a substantial amount of legislation passed since the '20s which prevent abuses of bond issues in the

manner in which they were abused in those days."

"ALSO, INTEREST rates are now lower on bond issues than they were then. Therefore, we should insist that our county government give consideration to this method of financing in order that the burden of meeting the future requirements of the county government for permanent buildings and land will not all be thrown on today's taxpayers."

The decision comes August 14—next Monday. That's when the supervisors will hold a final public hearing before they vote on the adoption of the budget.

The \$200,000 means a difference of ten cents on the tax rate.

## Supervisors Claim State Responsible for Tax Hike

Three supervisors claimed over the weekend that the board was not responsible for tax rises and blamed the state. Their answer was under fire of the County Tax Committee which claimed they are dodging the issue.

The supervisors' defense was released in a statement by Supervisor William Slape.

"Outside of the welfare program, over which we have no control, the board of supervisors reduced the county budget more than five cents per \$100 of assessed valuation," he said.

Supervisors Floyd Gilmore and Collis Mayflower joined him in the statement.

County Auditor Ray Hicks pointed out that an increase of 48 cents in the tax rate for welfare purposes much more than offset decreases in other departments.

The tentative tax rate for 1950-51 is now \$1.93 as compared with \$1.50 last year. Total amount to be raised by taxes this year is \$4,363,379 compared to \$3,427,134 last year.

The budget shows decreases in the general fund, general reserve, county fair and airports. Increases are shown in Welfare, salaries and employees' liability and retirement funds.

From Page One—MORE ABOUT

## JONES URGES BUDGET CUT

the rate is 43 cents or 30 per cent above last year's \$1.50 rate. The property owner who paid \$200 in taxes last year would pay \$260 this year if the budget is left unchanged.

JONES DECLARED that one reason for the sky-rocketing county government costs is the creation and maintenance of too many departments and special services that do not benefit the average taxpayer. He would cut the budget of these departments and require them to live within the money set aside for them.

He also extended an invitation to taxpayers to be present at next Monday's county budget hearing.

"TAXPAYERS can rest assured that unless they do turn out or write supervisors at the August 14 budget hearing, joining in a concentration protest, they will pay around 30 per cent more tax this year than last," he said. "If Proposition No. 4 had not

been repealed last year, the county tax rate would be five cents lower than during the 1949-50 years," he said. "But the county can offset some of this increase by pruning the airport, planning commission and pound-master budgets and by eliminating \$200,000 of the \$400,000 in the budget for capital outlay purposes."

MOST OF THE \$200,000 is to be used for county branch buildings at Indio and Hemet.

Jones said the county airport commission budget for three years, including the amount allocated this year, amounts to \$142,296 and they have not received \$20,000 in revenue in that time.

He insisted the other two departments—planners and pound-master—could operate on reduced budgets. Jones closed his statement with the remark that taxpayers must unite in protest if they are to have a "tax rate they can live with."

## Gain Shown Here In City Revenues

According to tables issued this week by the California Taxpayers association, revenue of the city of Palm Springs during the 1948-49 fiscal year was \$503,096 as compared to \$488,812 the previous year.

The association released tables showing that revenues for ten of the county's 12 cities were higher and lower in two in that year, the latest for which figures are available.

In 1948-49 property taxes amounted to \$171,667; sales tax, \$113,709; subventions and grants, \$49,945; licenses and permits, \$63,131 and other revenue, \$104,633.

All departments showed gains except the sales tax and li-

## \$258,346 Gas Tax Cash for County

Distribution of \$50,753,578 from the Highway Users Tax Fund was announced today by State Controller Thomas H. Kuchel.

Counties of the state received \$11,365,527 from the fund, Kuchel said. The distribution was for the quarter ending June 30, 1950. In the county distribution, Riverside county's total share amounted to \$258,346.54.

Kuchel said \$136,909 was set aside for distribution to cities, and \$35,027.12 transferred to the state highway fund for expenses and permits, the table showed.

penditure on the state's road system.

The funds apportioned Kuchel said, were received by the state as follows: Net gasoline tax, \$31,398,544; Use (Diesel) Fuel Tax, \$1,198,737; transfers from Motor Vehicle Fund, \$17,000,000; transfer from Motor Vehicle Transportation Tax Fund \$1,126,446; miscellaneous, \$29,851.

Gross gasoline tax collections for the quarter, according to the controller, amounted to \$35,693,635, which represented a decrease of \$337,553, under collections for the previous quarter.

## The Desert Sun—3

Palm Springs, Fri., Aug. 11, 1950 but an increase of \$318,042, over collections for the same period last year. Refunds from the gas tax collected amounted to \$4,174,837, and administration expenses, \$185,394.

## Supervisors Still Set the Tax Rate

(Riverside Enterprise)

Last Friday Supervisor Slaughter (with Gilmore and Mayflower concurring) came up with what was described as an answer to the County Tax Committee's proposal for a tax cut. It proved to be no answer at all.

The exchange has gone something like this:

**TAX COMMITTEE:** Taxes have been altogether too high and this year's even higher rate will be almost unbearable. You can cut it by eliminating all outlays for new construction. This should be taken care of by bond issues anyway.

**SUPERVISORS:** (the three of them, in Friday's statement). It isn't our fault that taxes are higher. We didn't have anything to do with it. Proposition No. 2 unloaded some heavy welfare costs on us. That's what caused the increase.

We'd like to jump into this discussion to the extent of pointing out that the Supervisors have made no answer at all to the contention of the committee that expenditures for new construction can properly be eliminated from the budget. This isn't a question of why taxes are so high; it's a question of whether they can't be reduced. The committee says they can be, and carefully explains

how; the Supervisors go off on a tangent.

One would gather from the Supervisors' statement that the welfare costs are something new, an unwanted child left at their doorstep, one they had never seen before. Actually the County bore these costs up until last year when the State took them over; now they're back again, and have grown larger in the meantime.

The Supervisors make the point that it is the return of these costs which is going to boost taxes. But did taxes go down last year when the State carried the load?

Those who pay them know that they hit a new high.

Of course there are many complicating factors in this picture. The past few years have brought Federal and State legislation which would have made it difficult if not impossible for any Board to have held the line on taxes. But it's unfair for the Supervisors to point their fingers at the State and try to give the impression that the State alone is responsible for high taxes. They're still in the picture.

They're the only ones who can say yes or no to the tax committee's plan for cutting your tax bill.

## Memory Lane

(From the Files of The Desert Sun of the week of August 11, 1930.)

Sheriff's office deputies applied the dry mop to San Geronimo Pass and Cathedral City areas and their bag was hauled into Judge McMahon's court where stiff fines were meted out. Two received the maximum of \$1000 or six months in jail and other fines were of equal severity. The sheriff is determined the prohibition law will be enforced. Prohibition officers have been active in the local area for a week.

Repair of flood damage on Palm Canyon road was put off when R. L. McKenzie, road commissioner, told supervisors it would cost \$1000 to fix the road and that Sen. McAdoo had told him the county had no right to work on the road as it was on Indian land.

R. Lee Miller is doing preliminary work on the fine Jordan residence which is being built near the Vaughn home in Tahquitz estates.

Last Wednesday there was a very heavy rain and some damage was done when the Del Tahquitz hotel was hit by a Tahquitz twister and a wall was washed out in Tahquitz estates.

Hobart Garlick made a brief visit to town last week and then returned to San Francisco.

The Chamber of Commerce reports many inquiries for accommodations next season from all parts of the state.

Mrs. Lugo, one of the oldest Indians on the reservation died last week. Her age was estimated to be over a century.

## Ten Years Ago

(From the files of The Desert Sun of the week of August 11, 1940.)

City council set the tax rate for the 1940-41 fiscal year at \$1 per \$100 assessed valuation. It was decided it would cost \$65,000 to run the city for the year.

Principal Morris Richardson said that the high school would open its doors for the new year September 16. Frances Stevens and Nellie Coffman schools will start the same day.

The local crime wave being at a low ebb, Chief of Police Norman Harstead, with no crooks to catch, is snaring snakes for the Alameda County Zoological Gardens. So far he has caught four sidewinders and one rare red back rattler.

Mackey Elchason, assistant Chamber of Commerce secretary, reported inquiries for accommodations were pouring into his office.

Funeral rites were said in the little Catholic church on the reservation Saturday for R. C. Gardia, local resident.

## I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

"Liberty is the first casualty of war. Truth is usually next.

When you engage in armed conflict, freedom is gone." These words, spoken in the House by Dewey Short of Missouri, will be recognized as fact by any soldier; by anyone who struggled with controls and rationing, with priorities and regimentation in W.W. II. If you think those controls were severe, wait until you see what is being put together in Washington right now.

Using the Korean crisis as an excuse, the President is asking for the broadest powers any man outside of Russia has ever had; powers undreamed of by Franklin Roosevelt, who was no slouch himself at stacking the deck in favor of the house.

The bill now before us, rushed out of committee in such haste that the chairman himself does not know fully what is in it, and with no opportunity for testimony from the industries, businesses, groups or individuals who will be affected, gives the President control over private and public credit, something even Roosevelt did not have. With that alone, we would need

killed in an automobile wreck in Arizona.

Al Gardiner, former manager of the Bank of America here, left for Detroit to make his home.

Francis Crocker appeared before city council and outlined plans for a WPA project to improve the Desert Museum here.

City Street Superintendent Jerry Sanborn, Mrs. Sanborn and young son, leave tomorrow for a two-week motor trip to the New England states.

no other controls in an economy based on a credit structure.

**IT DOES NOT INCLUDE** control over wages. It gives a new control over commodity exchanges. It gives complete control over all industries and businesses, not merely those needed to produce, transport or store weapons of war, as the W.W. II bill did; Mr. Truman could declare an industry or a factory to have some relation to "national defense" and he could take it over, change its operations, or close it up. Remember, we are not yet in a declared war; only a "police action." Controls over our economy would be absolute. There is an emergency, and anyone with half an eye can see the black war clouds gathering. We need protection against rising prices and inflation, some of which is caused by the administration itself; we need the protection of scarce materials. To make sure we get these limited, necessary protections, the President asks for authority to do as he pleases, when he pleases, and how he pleases. Personally, wringing out the emotion of the moment, I think we can meet this crisis without handing the birthright of all citizens to Harry Truman for safekeeping. The President has most of Roosevelt's war powers. Congress never rescinded them. The President has not used them. He wants greater power. He already has the power for emergencies. The Congress can act about as quickly as the President. Clearly this is the prerogative of the elected representatives of the people. This is not a dictatorship; not yet, and not with my vote.

**FEW ADMINISTRATIONS** in our history have demonstrated a greater lack of responsibility

## Fundamental Dumbness

(Reproduced from the August issue of THE AMERICAN RIFELMAN, official journal of the National Rifle Association of America.)

Communists are clever but not intelligent. This is unavoidable and inescapable. A lack of common sense is the prior essential to acceptance of the communist religion.

Their fundamental dumbness was illustrated in the forcing of the Korean situation. For five years the Kremlin had maneuvered to reduce the United Nations to impotency. The Korean adventure revived the UN within five days. It re cemented an alliance of the democratic nations of the world which had begun to crack into quarreling segments. Within two weeks of the opening of hostilities important weaknesses in American military planning were exposed. It is costing us much less in men, money, and material to learn about them in Korea than would have been the case if they had not been exposed until we were engaged in a major conflict.

For five years and longer Americans had been led to believe that the next war could be won largely by science and machines. The atomic bomb and supersonic airplanes cost tremendously in dollars but they would avoid the cost in lives of men fighting on the ground. It was old-fashioned to say that all military effort should be directed fundamentally toward supporting the ground soldier. The new concept was that the man on the ground was primarily needed to support the airplane and its load of atomic bombs. The surface fleet, the floating airfield on a carrier's deck were obsolete. It was an attractive picture. But it neglected a highly important point—it takes two people to fight a war! Unless you are willing to be the aggressor you hope to fight, not your kind of war, but the other fellow's kind of war. After weeks or months you may gain the initiative but in the early, sometimes crucial stages of the conflict you fight under conditions selected by the aggressor—conditions carefully selected to cause you the most embarrassment.

In Korea, there is no target worthy of the atomic bomb. To use one there would result in useless carnage of non-combat-

ants that would divorce from us the support of the peoples of the world. This is equally true over vast areas of possible future conflict with the slaves of the Kremlin.

The jet airplanes of which we have been so proud are of small value in Korea. There are no convenient airfields and small chance to build them. Flying weather is bad, ceilings low. This, too, is true over vast areas of the globe where the Kremlin might choose to make us fight. On clear days the fast-moving jets have shown little ability to disable slow-moving tanks or piston-engined Yak planes. Making one pass at the target, the jets require three or four minutes to turn and return for another attack—ample time for ground columns and tanks to disperse. Heavier tanks than we would have thought possible are being used by the communists, and the Russian armor is proving less vulnerable to our anti-tank weapons than we had expected. The floating airfields provided by the "obsolete" Navy's carriers are now pressed into much-needed service and the support of "obsolete" piston-engined planes is being stridently demanded by the troops on the ground who, as in all past wars, are carrying the brunt of the battle.

And here is the other lesson the communists have taught us—the soldier on the ground is still the decisive factor in the kind of war the men of the Kremlin intend to make us fight. Neither mountain nor swamp, fog nor heat, keeps him from the fight. Give him his rifle, mortar, recoilless gun, a sack of grenades and canned rations, and he will go anywhere. Put him on a horse that, like him, can live off the country if it is impracticable to keep gas and oil up front—he will fight the war for you.

The Korean episode may remain a minor incident in our military history. It may prove to be the beginning of World War III. In either case, the dictators in the Kremlin have outsmarted themselves. They have given us an object lesson and an opportunity to correct deficiencies in our military planning before too great harm has been done.

# Rain-Making Project Gets New Backing

Plans for rain-making on an organized, systematic basis were further advanced this week when Riverside city council chipped in \$3000 toward the project and San Bernardino and Orange county interests were studying proposals of the power companies and water companies which are sponsoring the plan.

Speakers for the California Electric Power company laid the proposals before water interests and supervisors of the two counties.

AT A RECENT MEETING in Corona, the water interests and power companies authorized a \$30,000 rain-making program when reports on the Calectric's experiments in the Sierras showed rainfall increased 12 to 14 per cent by scientific methods.

Center of the project is planned for the Beaumont area in San Geronimo Pass and the rainfall experiment will cover the mountains from San Geronimo to San Jacinto peaks.

OBJECT OF THE PROJECT is to add water to the underground storage basins to raise falling well levels by increasing precipitation on the watersheds and rising stream levels.

Main goal of the campaign is the Santa Ana river basin but tributaries and adjacent basins including the local mountain area would also benefit.

Mrs. Dobbs Again To Manage Pageant

For the second consecutive year, Mrs. Sylvia Dobbs has been named production manager of the Arabian Nights Pageant, featured stage show of the Riverside County Fair and National Date Festival, held in Indio each winter.

Mrs. Dobbs also is active in the annual Holy Week production of the Mecca Easter Pageant presented in an outdoor amphitheater in historic Box Canyon near Mecca.

From Page One—MORE ABOUT

## ROUND UP CANCELED

Roundup and is staged in Los Angeles, under the circumstances there was little choice in their decision.

IT WAS ALSO POINTED out that the Palm Springs Fashion Roundup is not for the purpose of consummating actual sales, but to display merchandise to the buyers who then have always returned to Los Angeles for the actual buying. These merchandise managers and buyers felt that under present conditions they could combine the Roundup and buying in one operation and thereby save three days which normally would be spent solely at the Roundup.

Lockhart mentioned that this same procedure had been followed in the last year—following the Fashion Roundup in Palm Springs in 1942. During 1943, 1944 and 1945 the Roundup and Market Week were consolidated and confined to Los Angeles. MAGIC returned to Palm Springs in 1946 and each year thereafter until the present.

FRANK EWING, convention bureau manager of the Chamber of Commerce, spent considerable time with Lockhart, Malony and other members of MAGIC, as well as many buyers and merchandise managers in Los Angeles during the past week. Every effort was expended and every angle was investigated to determine the possibility of the Roundup being rescheduled, and if not possible to still realize some definite benefit for Palm Springs.

Although the Roundup will be staged in Los Angeles, the resultant loss to Palm Springs has been greatly minimized, said Bill Dunkerley, Chamber manager.

As a result of Ewing's conference in Los Angeles, MAGIC officials and members are going "all out" to assist this community during and after the Roundup in Los Angeles.

FIRST OF ALL, the show will still be publicized as the "Palm Springs Fashion Roundup", enabling Palm Springs to receive all the benefit of national publicity derived from magazine, radio and newspaper coverage.

Secondly, MAGIC is expected to make available to the Chamber of Commerce, free of charge, a full page in their program which can be effectively utilized to invite buyers and managers to spend a few days in Palm Springs before returning to the East.

Thirdly, MAGIC is also expected to permit the Chamber of Commerce, again without charge, to place booth in a prominent location at the Fashion Roundup for the purpose of publicizing Palm Springs, distributing literature, and to assist in making actual reservations for those planning on visiting Palm Springs after the Roundup.

AS A MATTER OF FACT a substantial percentage of the buyers and merchandise managers with their families are expected to spend a few days in Palm Springs, said Ewing. Many have already so indicated their intentions.

As one official of MAGIC explained: "In one way it is understandable that the buyers wish to combine the Roundup and Market week in Los Angeles this year. With the uncertain international situation, many will be under heavy pressure, with shortage of help and material. Therefore it may be that our buyers will be able to spend only so many days away from their offices. If they spend three days at the Roundup in Palm Springs and three days at the market week in Los Angeles, they will have little time for themselves as they have had in the past. On the other hand, if the Roundup and Market Week can be combined and both events take only three days, then they will have at least three full days during which they and their families can enjoy themselves in Palm Springs."

"ALTHOUGH THE MAGIC Fashion Roundup will be missed and its cancellation is unfortunate, under the circumstances the community can and will receive substantial short term and long range benefit." "For immediate benefit, many, many buyers and merchandise managers with their families will visit Palm Springs after the Roundup-free to enjoy a few days or more without pressure of business."

There will be valuable nationwide publicity accruing to Palm Springs; and there will be much valuable publicity on Palm Springs in the Los Angeles area."

Important among real estate transfers this week is the sale of the Avalon hotel, 1404 North Palm Canyon drive, by Mr. and Mrs. Ross E. Read to Mr. and Mrs. Walter B. Cowan of Orange county. Buyer and seller were represented by Mrs. Cora B. Hyde, who at the same time sold the Cowans a winter residence in the Tennis Club district, at the reported price of \$25,000.

Mr. and Mrs. Read bought the Avalon four years ago and greatly improved and added to the building. Under their personal management they made this one of the most popular of the smaller hotels.

The Cowans, who have extensive ranch and other holdings in Orange county, plan many improvements including the immediate construction of a pool. It is reported the sale price of the Avalon was \$85,000 and part of the consideration came valuable income property on the coast.

The Reads, who also own the Granada Hotel, will take over its management in the fall.

Rev. Wesley D. Baker will be the guest preacher at the Community church of Palm Springs this Sunday at the 11 a. m. service. He was national director of leadership training for the Presbyterian church of the United States and has held pastorates in Richmond, Va., as well as in New York City, Tonawanda and Niagara Falls, N.Y. The subject of his sermon will be "Meeting God in Unexpected Places."

Dr. Baker will be present at the Sunday school and will teach the Adult Bible class at 9:45 a. m. There are classes for children of different age levels.

EVERYBODY INTERESTED in your proposition to buy, sell, or rent, is easy to reach through our classified section.

### Real Estate 35

#### Impossible!

2 weeks ago anyone would say it was impossible to buy (even for cash) a furnished house, swimming pool, and 5 acres producing income from dates, for \$20,000. FOR A LIMITED TIME HERE IS THAT "IMPOSSIBLE" BUY—BUT IT WON'T LAST AT \$20,000 TERMS

This price includes a cute 2 bedroom house, completely furnished, a 20x60 foot swimming pool, 5 acres in date palms which bear about 40,000 lbs. annually. Located on corner of Del Sol road. The yearly income from the date palms will soon pay for this little ranch, house and swimming pool. Act now and make this fall's income YOURS.

DON CAMERON, Realtor 71843 Highway 111 Phone 8-4411 or 8-4211 (for see any member of the Palm Springs Realty Board)

### INCOME BARGAIN

Within walking distance to center of Palm Springs. Two stucco houses on same lot. One, a 2 bedroom, living room with fireplace, kitchen, bath and tile shower, patio and porch, furnished. The other, a 1 bedroom, large kitchen, living room, bath, large porch, partly furnished. Both houses air-conditioned, 2 car garage, paved driveway, fenced in 3 sides, brick wall and gates in front. Landscaped and kept up all year. Owner will rent 1 bedroom house from buyer for \$75 month on yearly basis or give immediate possession. Selling price \$17,500. \$8,500 mortgage, balance cash. Owner, Wm. L. Weintraub, 585 Camino a la Reina, Palm Springs, Calif. Phone 2-5404.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES August 9, 1950 TO WHOM IT MAY CONCERN: Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows: 319 North Palm Canyon Drive, Palm Springs, Riverside County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license for these premises as follows: On sale general license. Seasonal quarterly.

Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

ARTUR LYONS DAVID LYONS Sun, August 11, 1950.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES July 25, 1950 TO WHOM IT MAY CONCERN: Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows: 65-505-07 BROADWAY, Cathedral City, Riverside County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license for these premises as follows: ON-SALE GENERAL LICENSE (Seasonal Quarterly) Effective 9-1-50

Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

HANS HANSEN BARBARA L. HANSEN Sun, August 11, 1950.

NOTICE OF BREACH AND ELECTION TO SELL UNDER DEED OF TRUST NOTICE IS HEREBY GIVEN: THAT CONSOLIDATED ESCROW COMPANY, a Corporation, is Trustee under a deed of or transfer in trust dated June 4th, 1948, executed by PACIFIC MONTECITO COMPANY, a corporation composed of Robert P. Moran & Sidney Ferber, as Trustors, to secure certain obligations in favor of BARNETT POLLACK, a married man, recorded June 18th, 1948, in Book 986, Page 422, Official Records, in the office of the Recorder of Riverside County, California.

That the beneficial interest under such deed or transfer and the obligations secured thereby is owned by the undersigned; that breach of the obligations for which such deed or transfer is security has occurred in that the Trustors have failed and neglected to pay the monthly installment of principal, plus the monthly installment of interest, which became due and payable July 1, 1950.

That by reason thereof, the undersigned, present beneficiary under such deed or transfer, has executed and delivered to said Trustee a written Declaration of Default and Demand for Sale, and has surrendered to said Trustee such deed or transfer and all documents evidencing obligations secured thereby, and has declared and does hereby declare all sums secured thereby immediately due and has elected and does hereby elect to cause the trust property to be sold to satisfy the obligations secured thereby.

Dated July 11th, 1950. BARNETT POLLACK STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, ss. On this 11th day of July, 1950, before me the undersigned, a Notary Public in and for said County and State, personally appeared Barnett Pollack, known to me to be the person whose name is subscribed to and to the contents of the foregoing instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

WITNESS my hand and the seal of my office this 26th day of July, 1950. PEGGY SCOTT Notary Public in and for the County of Riverside, State of California. My Commission expires 11/17/50 Sun: July 28, Aug. 4, 11, 18, '50.

NOTICE OF TRUSTEE'S SALE No. 18729 As Trustee under Deed of Trust made by Rosalie May Wright, a married woman dated November 22, 1948, recorded November 29, 1948, in Book 1031, page 53 of Official Records of the Recorder's Office of Riverside County, California, securing among other things a promissory note for Thirty-three Thousand and no/100 Dollars, (\$33,000.00) the United Title Guaranty Company, a corporation, as shown by Map on file in Book 9, page 432 of Maps, records of San Diego County, California. Said sale will be made, but without covenant or warranty, title, possession or encumbrances to pay the balance of principal of said note, together with interest due thereon, advances, if any, under the terms of said Deed or Transfer, fees, charges and expenses of the Trustee and of trust created by said Deed or Transfer.

The beneficiary under said Deed or Transfer by reason of a breach or default in the obligations secured thereby heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and election to sell said property to satisfy said obligations, and thereafter on February 28, 1950, the undersigned caused said notice of breach and election to be recorded in Book 1150, page 490 of Official Records in said Recorder's Office.

Witness the Corporate name and Corporate seal of said corporation, Trustee, by its officers thereunto duly authorized, this 28th day of July, 1950. UNITED TITLE GUARANTY COMPANY BY BEN H. LEWIS, President. (SEAL) Attest: R. O. LEWIS, Secretary. Sun: July 28, Aug. 4, 11, 1950.

Legal Notices 75 undersigned, present beneficiary under such deed or transfer, has executed and delivered to said Trustee a written Declaration of Default and Demand for Sale, and has surrendered to said Trustee such deed or transfer and all documents evidencing obligations secured thereby, and has declared and does hereby declare all sums secured thereby immediately due and has elected and does hereby elect to cause the trust property to be sold to satisfy the obligations secured thereby.

Dated July 11th, 1950. BARNETT POLLACK STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, ss. On this 11th day of July, 1950, before me the undersigned, a Notary Public in and for said County and State

## CATHEDRAL CITY SLUGS WAY TO 22-11 VICTORY

By DICK MCGONAGLE

Cathedral City exploded with a 15-hit assault to register its second win of the season Wednesday night, trouncing the Will Cox Legion 22-11. The previously timid CC lads belted four home runs. The sluggers were Danny Gonzales, Clay Panlaqui, Keith Smith and Chuck Chapel. Red Crawford homered for the Legion. The various Legion pitchers contributed to their loss by walking 14 batters. Stan Frock, the Cats' cleanup batter, hit two doubles, a triple and walked twice in six trips.

### Finest of Season

Steve Talavera pitched his finest game of the season Tuesday night, limiting the Merchants to a pair of singles, as the Owen Coffman Legion triumphed 8-0. This was an important game for both teams as they were tied for fourth place. Barring upsets in the final week, the Legion will get into the playoffs and the Merchants are out in the cold in fifth place. Talavera fanned nine men and was never in trouble. Mark Hopp led the Legion batters with two singles, and the Kowano brothers each rapped out a double.

### Coffman Post Goals

Cathedral City could only get three hits off Steve Talavera Friday night and Owen Coffman post won the ball game 7 to 1 to move into a tie for fourth place.

### Herrera Homers

One of Johnny Herrera's tremendous home run drives led

the Mexican Colony to a 5-3 win over Desert Hot Springs and Van Bots Tuesday night at D.H.S. By winning this game the Colony gained revenge for one of the two losses they have suffered this season. The Fireballs edged them in their first meeting. A capacity crowd witnessed the game. No line scores available.

### Youth Center Wins

Junior Chamber of Commerce had the Youth Center worried Monday night but the latter finally drew the game out of the fire to remain near the top in the Palm Springs Softball loop. Howard Lucas hit a long one in the second to aid in a six-run outburst by the Teenagers but Jaycee plugged along and was close when their defense blew wide open and the Youth Center scored six more in the seventh to win 12 to 5.

Youth Center — 000 000 6 — 12 9 1  
Jr. Chamber — 002 030 8 — 5 8 3  
Jones and Malone; Shaw and Smith.

### Colony on Bat Spree

Mexican Colony batters went on a rampage at Desert Hot Springs Friday night to trim Will Cox Post, 25-3 in a game that went only five innings.

Ben Prieto socked two home runs to take a clear lead in that department.

### Keep Up in Race

Van Bots was on the job for Desert Hot Springs Thursday night and limited the Junior Chamber of Commerce softball team to five hits and his team went on to win 7 to 3 to maintain their second place spot.

D. H. — 000 000 0 — 7 3 2  
Jr. Chamber — 000 001 0 — 2 5 5  
Bots and Ellis; Shaw and Smith.

### Make it Fast

Youth Center made sure of their ball game with Palm Springs Merchants early, scoring nine times in the first frame and going on to win 13-8 Thursday night.

Wilfred Lucas, Bill Jones and Dick McGonagle hit home runs. Youth Center — 000 310 0 — 13 8 3  
Merchants — 010 022 0 — 8 3 5  
Jones and Malone; Grossley, Black and Black, Sandeferr.

### Suds Thumped Twice by Oaks

Seattle's Rainiers who did their Spring training here and are signed up to come back next Spring, dropped back two games the first two days this week and are now four and one half games out of third place.

They blew a long lead Tuesday night to lose to Oakland and were swamped Wednesday night. Last week they won their series from Hollywood five games to three and were close to third place.

EVERYONE LOVES TO WIN: And everyone can win through our classified section. Both reader and user gain.

## Talavera Allows Only Eight Hits In Three Games

By DICK MCGONAGLE

This weeks column belongs to Steve Talavera, who in his last three starts for the Owen Coffman Legion has pitched his team into the playoffs. In the first of these three games Steve set down the Jaycees, one of the hardest hitting teams in the loop, with three hits and no runs. Cathedral City managed to sneak one run in on three hits in that game, then last year's champions the Merchants, were the victims of a two-hit shutout last Tuesday. Talavera was troubled with summer and it was during this time that the Legion took a nose-dive into fifth place. Now with the arm in top shape it looks as though the Mexican Colony may get some competition in the playoffs.

Sandeferr took the lead in the batting race this week when a correction in the official scorebook gave him an additional hit. Ben Prieto has taken a fairly safe lead in the home run contest with his two wallons against the Will Cox Legion in last Friday's massacre.

Here are the statistics to Aug. 10. Batting averages do not include Tuesday's game between the Colony and D.H.S.

TOP TEN BATTERS	AB	R	H	PER.
Sandeferr, Merchants	55	38	356	
Komer, Legion 519	55	38	309	
F. Prieto, Colony	50	28	475	
S. Kowano, Legion 519	50	26	441	
McDonaghe, Merchants	55	25	438	
B. Prieto, Colony	61	26	426	
Gambier, Youth Center	62	26	410	
W. Lucas, Youth Center	41	17	415	
T. McKinney Jr. Chamber	41	17	413	
Ohler, Jr. Chamber	40	16	400	

### HOME RUNS

B. Prieto, Colony	8
Ellis, D. H. S.	8
McDonaghe, Merchants	6
J. Herrera, Colony	7
Jurado, Colony	4
F. Prieto, Colony	1
J. Black, Youth Center	4

### STANDINGS

W	L	PCT.	GBL.
Mexican Colony	15	2	
Youth Center	12	6	667
Legion 519	11	7	611
D. H. S.	7	11	611
Merchants	10	8	555
Jr. Chamber	7	11	389
Legion 615	8	15	167
Cathedral City	2	15	118

### Fishing Best in Long Time Says Roberson

George Roberson was back in the Village from the family's summer home at Balboa, to attend to business at the Desert Inn, which he operates with his brother Earl Coffman.

He reported that the albacore fishing along the coast has been the best in 10 years. He planned to return to the coast today.

## Hurls No-Hit Game, Loses By 1-0 Edge

Angel Estrada pitched a no-hit ball game for the Lions' Cubs Wednesday night, but lost to Desert Hot Springs, 1-0, when his teammates were unable to score. The lone tally came in the second inning after Estrada had walked two batters and fanned two. Nick Reynolds, the Hot Springs third sacker, poled a fly ball to Charlie Broes in the outfield, who muffed it, permitting a run to score. The Cubs banged out nine hits and had three walks.

Cubs — 000 000 0 — 0 9 3  
D. H. S. — 010 000 1 — 1 0 1  
Estrada and Foster; Blackhart and Stevenson.

### Gain Another One

Pete's Pioneers drew farther ahead of the pack in the Boys Loop with a 6-4 victory over Del Tahquitz Indians Monday night. Jimmie Judd got three singles and a walk in four trips to the plate and Jack Moore socked a three-run homer for the winners.

Pioneers — 004 020 6 — 6 11 3  
Indians — 201 100 0 — 4 12 4  
Moore and Keene; Jean and Parker.

### Gang UP on DHS

Jimmie Judd and Jack Moore shared pitching duties against Desert Hot Springs in the Boys league Friday night and let their opponents down with three hits and no runs. In the meantime Pete's Pioneers, paced by Manuel Montoya's home run and two singles, scored 15 times to win 15-0.

Pioneers — 007 302 0 — 15 12  
D.H.S. — 000 000 0 — 0 3  
Judd, Moore and Keene; Blackhart and Stevenson.

### Cubs Stay in Race

Lions Cubs remained in the Boys Loop race with a 17-4 win over Del Tahquitz Indians Thursday night. The Cubs broke up a tight ball game in the fourth with an eight-run outburst.

Indians — 002 005 — 4 8 1  
Cubs — 410 300 — 17 12 2  
Jean and Parker; Buntion and Foster.

## Sportsmen Hail County Approval Of Fishing Holes

Carl Keene, president of the Palm Springs Sportsmen, Inc., expressed himself as well pleased with the action of the board of supervisors of Riverside county in acting favorably upon the fish pond program. The next step in all probability will be that the Division of Fish and Game will send an engineer and surveyor to the valley, in accordance with the recommendation made by District Fish Biologist Willis Evans and Conservation Engineer Spellman following their recent visits to the site of the ponds. Evans wrote Keene that plans and specifications for the ponds are now being drawn.

Board, expressed optimism also. Both indicated that the county's action will probably satisfy state officials and they will probably take action soon. As soon as the project is engineered for competitive bidding, advertising for bidders will begin.

NO OPPOSITION to the project was voiced at the meeting of the supervisors. The legal status was investigated and County Counsel William O. Mackey approved it, so the matter was passed by them without controversy.

## Cliff Henderson Lands Prize Fish

Villagers this week were in receipt of a clipping from the Honolulu Advertiser indicating that being a "desert rat" does not hamper one's fishing prowess. The clipping contained a picture of Cliff Henderson of Palm Desert with a 253-pound striped Marlin he landed in the waters off the island.

Henderson said it took him one hour and 16 minutes continuous battle to land his prize and then when he got through he was

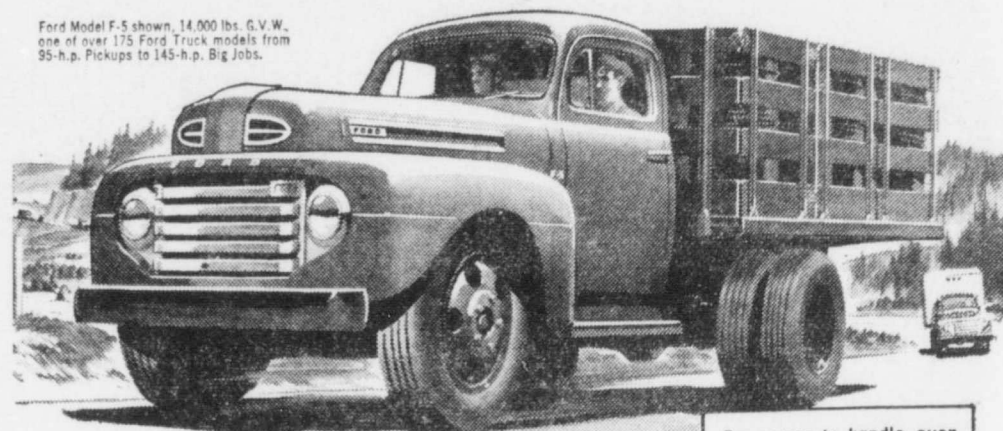

dripping wet with blisters on both hands. Gwynn Wilson, general manager of Santa Anita, was with Henderson when the big fish was landed.

## Slape Heads Demos

County Supervisor William Slape was chosen chairman of the Democrats' 22nd district committee which covers Riverside, Orange and Imperial counties.

## IT'S LED THE FIELD FOR YEARS!

Ford Model F-5 shown, 14,000 lbs. G.V.W., one of over 175 Ford Trucks models from 95-h.p. pickups to 145-h.p. Big Jobs.

For power to handle even greater loads—the Ford F-6

Ford Model F-6, 16,000 lbs. G.V.W., gives you a choice of V-8 or Six engines—including the new 110-h.p. Six.

And the Ford F-5 outsells every other 1½ ton truck today!

Registration figures prove it! The Ford F-5 has outstripped all sales competition since 1945. In fact, since the war's end, smart truckers have chosen the F-5 over the next leading make by a ratio of five to three! So, follow the lead of men who really know ton-and-a-half's. Switch to Ford and Ford economy!

WAY AHEAD IN SALES BECAUSE IT'S WAY AHEAD IN VALUE

10 ways better than the 4 other leading makes

1. Up to 1,720 lbs. more payload.

2. Up to 1,500 lbs. higher G.V.W.

3. Up to 310 lbs. less chassis weight.

4. Widest (3½") rear brake shoe lining.

5. Highest compression ratio.

6. Choice of V-8 or Six engine.

7. Oil filter standard.

8. Oil bath air cleaner standard.

9. Biggest clutch lining area.

10. "Million Dollar" Cab for more comfort, roominess and safety.
